## Quick Read

Qweb is a commercial ISP (Internet Service Provider) and offers more than 200 Internet services. Moreover, Qweb owns more than 5,000 websites and 16,000 domains. In addition, Qweb is not only able to offer cheap solutions, combined with high quality, but also a high degree of flexibility, freedom and choices to their clients.

## Challenges

In the past, Qweb dedicated too much time to spam-related problems. What's more, Qweb used an open source filter, which performed mediocre, as customers were still experiencing spam problems.

## Customer profile

<b>Company</b>	Qweb Full-Service Hosting
<b>Location</b>	Schiedam, the Netherlands
<b>Industry</b>	Full Service Hosting (Webhosting, Business Mail, Virtual Servers, Dedicated Services, Colocations and SSL Certification)
<b>Number of Domains</b>	5,000
<b>Products in Use</b>	Local Cloud, Incoming and Outgoing Filtering, White label

## Implementation

Qweb ultimately decided to set up SpamExperts Incoming -and Outgoing Spam Filter. In addition, Qweb decided to upgrade to SpamExperts White Label, in order to offer it to their resellers.

## Benefits

The implementation of SpamExperts solutions resulted in **more value-added services to their clients**, as nearly 100% of all spam is being filtered, with almost 0 false-positives. In addition, Qweb's **business productivity has significantly increased**, as SpamExperts installs, 24x7x365 monitors, updates -and maintains Qweb's email security system, and enabled Qweb to **focus on their core business instead!**

## Target Reached

*"We are really happy with their value-added service. In the past we were using another product that was negatively affecting our business productivity", according to Musti Aslan, Managing Director at Qweb Full-Service Hosting.*
